**Lick Creek Park** is the premiere nature preserve in College Station. The 515-acre park, acquired in 1987, is located at 13600 East Rock Prairie Road approximately 1.5 miles from Greens Prairie Road. The park has several cultural sites along with a great diversity of plant and animal life including the endangered Navasota Ladies Tresses. Approximately 3.5 miles of marked trails provide a unique opportunity for hiking, cycling, bird watching and equestrian activities.

Equestrian users must obtain a permit and gate key from the Parks and Recreation Department in advance. Horses and bicycles are restricted to Post Oak Trail, Deer Run Trail and Iron Bridge Trail.

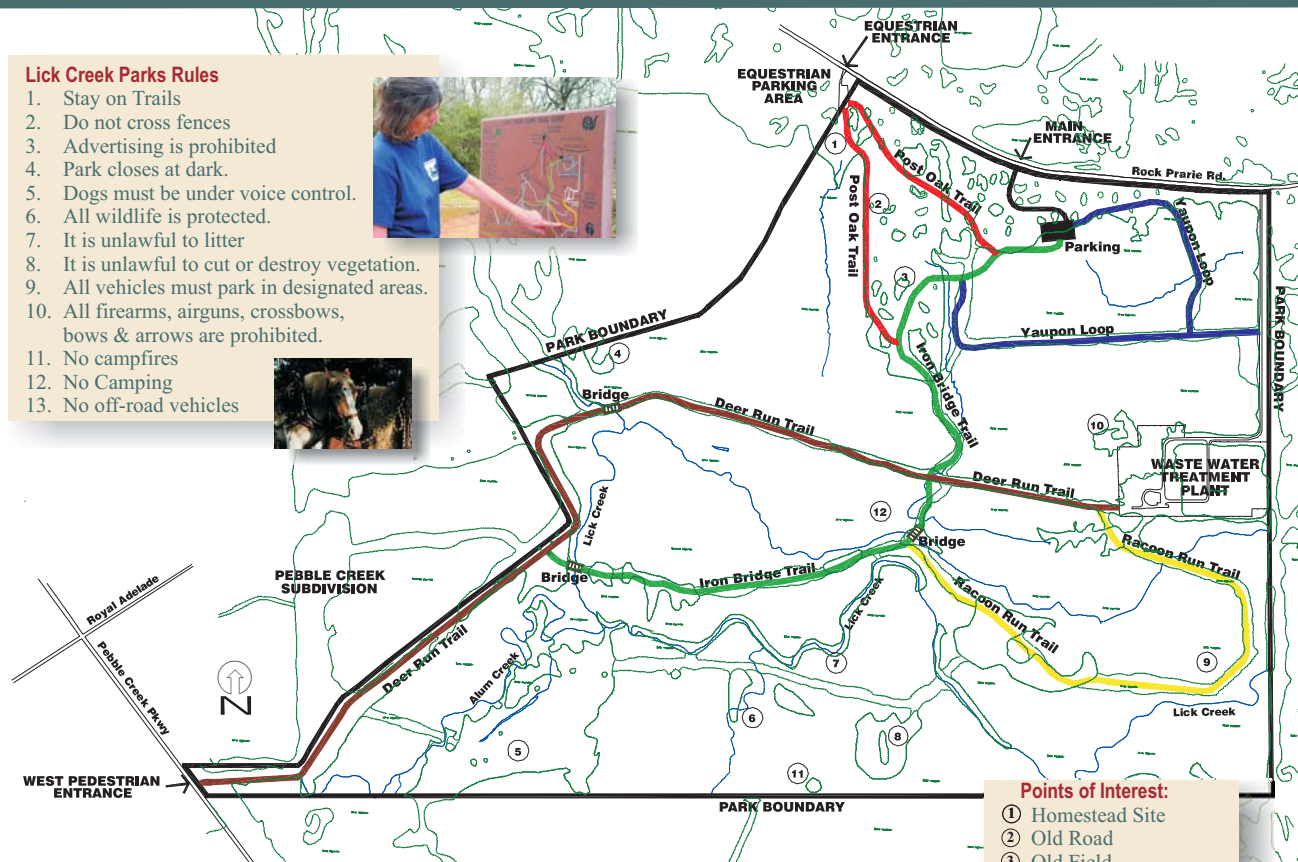

The park is open to visitors throughout the year from dawn to dusk. No overnight camping is permitted and visitors are reminded to watch for snakes and to stay on the marked trails. Dogs may be leash-free but must be under “voice” control at all times. All plants and animals are protected and should not be harmed or threatened.

Please report any problems or issues to the City of College Station Parks and Recreation Department at (979) 764-3486.

# LICK CREEK PARK
